

Short Lead Times and Competitive Pricing: HepcoMotion Ball Screws

<https://www.hepcotion.com/blog/latest-news/short-lead-times-and-competitive-pricing-hepcotion-ball-screws/>

Offering competitive pricing and a fast turnaround, linear motion expert HepcoMotion is pleased to announce the launch of a new range of ball screws. Building on its existing range of ball screws, the range includes precision rolled ball screws, nuts and bearings housings, as well as high lead screws and miniature screws.

The Purchasing Managers Index (PMI) shows that vendor delivery times lengthened for the 40th successive month in October. Responding to market demand, shorter lead times are at the core of the new range, as is competitive pricing and the quality HepcoMotion is renowned for. Investment in new machinery and a specialist cell dedicated to ball screws, facilitate the fast turnaround.

Hepco ball screws offer a choice of screw diameters and pitches to suit a wide variety of applications, and come in a range of sizes from Ø6 – Ø50mm, with lengths up to 3000mm. Standard end machining, and custom end machining available.
